

2nd Croatian Conference on Earthquake Engineering 2CroCEE

Wednesday, March 22, 2023 - Friday, March 24, 2023

The Westin Zagreb, Croatia

Conference Topics

Special session: Post-Earthquake Reconstruction Process

Seismic Performance of Structures

Historical Structures

Repair and Strengthening of Structures

Experimental Techniques for Characterization of Materials and Structures

Geotechnical Earthquake Engineering

Lessons Learnt from Earthquake Disasters

Seismic Loss and Risk Analysis

Engineering Seismology

Preparedness and Emergency Management

PhD special session
